## SPEAKING TOPICS

### Prayer and Obedience

A weekend women's retreat turned into a new call on my life. I share what God was leading me to do, and how it took years for me to fully obey. Participants are encouraged to pray and be obedient to God's call on their lives.

### Finding Faith through Infertility

When my husband and I finally decided to have children after ten years of marriage, we found out that we would never be able to have them naturally. This session is great for women who are, or who have, struggled with infertility. We will discuss the faith found in God through the struggles of infertility, miscarriage, and eventually pregnancy.

### Who Am I in God?

We struggle when we base our identity on the changing things of this world. Through scripture, participants will learn three main things: We are created by God, for God; We are loved and forgiven; Comparison is a tool used by the devil.

### Waiting for the Holy Spirit

So many times we think we are doing the Lord's work only to find ourselves burned out and defeated. Through scripture, participants will learn to pray for guidance, and wait for the Holy Spirit, before saying "Yes."

### Other Topics as Needed

Jill also has experience speaking on suicide, marriage, and parenting. If your needs are other than what is listed above, please contact her to discuss options.
